Dear Sir:

In reply to your letter of recent date, I wish to inform you that I have nothing more to say but that I would like to read the letter which your mother sent to you, and then I would be able to write you what difficulty she has which prevents her from coming into this country.

In the letter which your mother sent me in July, she wrote that she has everything ready and is ready to sail, and not to worry about her, but to work on her son's case, that is your brother's case.

Kindly send me your mother's letter so that I can find out what is the matter.

Very truly yours,

Notary Public.

Dear Sir.

I have a letter from you dated July 30, 1948 in which you informed me that you recieved a letter from my Mother Rozalia Walczak in which she wrote that her case is coming along fine and that she expects to leave Poland shortly.

Few days ago I recieved a letter from my Mother in which she writes that further difficulties had developed from American Embassy as well as from Polish Government side, making it impossible for her to leave Poland, and that the only way she could come to U. S. A. is as a tourist.

Please advise me, if my Mother would come to U. S. A. as a tourist and should she be able to prove her American Citizenship could she remain in U. S. A. for good.

Trusting to have a satisfactory answer from you soon, I remain,

Yours Truly,
Frank Walczak.

Dear Sir:

I have received a letter from Mrs. Rozalia Walczak, who is your Mother, that her case is coming along fine, and thanking me for my work. According to her letter, she is coming to America.

At the present time, I am starting on your brother, Edward's case. If I should have any new news, I shall notify you.

What have you decided to do with the immigration of the person from France. A new immigration quota was opened July 1, 1948. I would suggest that you start on this case as the American Consul in France is registering immigrants who have documents prepared by me.

Very truly yours,

Notary Public.

Dear Sir:

Thank you for sending me a copy of the letter sent you by your Mother, which she received from the Warsaw Consul. I believe that your Mother's case relative to getting permission to leave for America, is coming along all right.

Relative to your brother, Edward, I wish to inform you that I have sent a letter to your Mother for information on June 18th, and have no reply from her to date.

As to bringing your fiancée, who was born in Poland and now lives in France, to America, we would be able to handle the matter, and believe that she would be able to come here in not too long of time. The fee for preparing documents, seals, and our fee will be Thirty-five Dollars (\$35.00).

If you will fill out the enclosed application and return to us with a deposit of Fifteen (\$15.00) Dollars, we will start working on your case, and we are sure you will be satisfied with our work.

Very truly yours,

Dear Mr. Walczak:

I have received a letter from the American Embassy at Warsaw, with further reference to your mother's case and am enclosing a copy of this letter which is self explanatory.

It appears the policy for the issuance of an exit permit to leave Poland has been changed and your mother must now make application at the Citizens Militia, but as they state it is doubtful that they will permit her to leave Poland for some time, if at all.

I suggest your mother make her application though to the Citizens Militia as mentioned in the Consul's letter and if she has any difficulty to notify the Consul who will, I am sure, do everything possible to aid her in her attempt to leave Poland.

If I can be of further service please let me know.

With kindest regards, I am

Sincerely yours,

Frank Buchanan, M.C.

American Embassy,
Warsaw, Poland,
February 26, 1948.

My dear Mr. Buchanan:

I have received your letter of February 16, 1948 with further reference to the case of Rozalia Walczak who desires to join her son, Leon Walczak, of McKeesport, Pennsylvania.

I regret the Embassy's error in Mrs. Walczak's case in not having connected her name with her citizenship record in replying to your letter of January 5, 1948. This error was due in part to your having mentioned that Mr. Walczak had filed a visa petition in behalf of his mother.

I find that Mrs. Walczak's American citizenship has already been established and that the Embassy requested the Polish Ministry of Foreign Affairs on May 8, 1947 for an exit permit in her behalf. A change of procedure, however, occurred recently, and all cases within the purview of the Ministry have been transferred to the Citizens Militia, which organization henceforth has the authority to grant permission to leave Poland. Under this procedure the individual concerned must personally make application at the Citizens Militia, and the Embassy has informed Mrs. Walczak of the steps she should take to apply for an exit permit.

I should mention in connection with Mrs. Walczak's case that there has been no change in the Polish citizenship laws and that she is still considered by the

Polish

The Honorable
Frank Buchanan,
House of Representatives,
Washington, D. C.

Polish authorities to be a Polish citizen by reason of her marriage to a Polish citizen, even though her husband is deceased. I fear, therefore that her application to leave Poland may be long delayed or even refused.

I regret to be unable to furnish you a favorable report concerning Mrs. Walczak at this time but assure you that every possible effort will be continued here to assist her in joining her son in the United States.

Sincerely yours,

Stanton Griffis
American Ambassador

Dear Sir.

April 14, 1948.

In our local polish paper "Pittsbursanin" I had read your advertisement about you helping in bringing relatives from Poland.

I have a mother and brother in Poland whom I wish to bring to U. S.

In order that you should know the case better I wish to give you all the details.

My mother was born in U. S. in 1893. In 1912 she married an ~~ette~~ Polish alien. There were three of us children born in U. S. In 1921 our father went back to Poland taking mother and the three of us along. In 1924 while in Poland another child was born, he's our youngest brother. Between 1930 and 1939 the three of us children who were born in U. S. returned here in order not to loose our U. S. citizenship. The rest of the family remained in Poland. In 1941 our father past away.

As soon as the World War II ended in which my older brother and myself served in U. S. Army, the three of us begin to make inquiries about bringing our mother and brother to U. S. We had all sorts of people, agencies and organizations to help us, however up till now ~~we~~

v.

we haven't accomplished anything promising.

In early part of 1946 we made out an affidavit of support for our mother and sent it to Immigration and Naturalization Service in Philadelphia.

In 1947 our mother went to Warsaw to American Consulate to whom she presented all her papers including her birth certificate on which bases she regain her American citizenship and was promised by American Consulate that she could leave Poland in September 1947 after obtaining a permission from Polish Government to leave Poland, but in fact that since my mother regained her American citizenship and that she was three times afterwards in Warsaw she hasn't been able to obtain a passport and permission to leave Poland.

The Consulate in Warsaw is blaming the Polish Government for her delay and the Polish Government insists that it is up to American Consulate.

As to our brother who was born in Poland we also made out a affidavit of support and sent it to him in middle of 1947. When he took the papers to Warsaw he was told at the American Embassy to keep the papers with him and his name was entered on the list of those awaiting to apply for visa, since then he haven't heard a thing from the American Embassy.

After reading your advertisement I decided to write to you Sir in hope that you might be able to help us.

Our mother and brother are living on the farm, at present the intire farm belongs to our youngest brother in Poland, however if he would be able to come to U.S. in short time he would like to sell that farm or trade it in for some property here in U.S. if that's possible.

Our mothers and brother address is:

ROZALIA (mother) EDWARD (brother) WALCZAK.

WIES DEBOWO, Pocz. KOKODZIEJEWO, Pow. MOGILNO.
WIELKOPOLSKA, POLAND.

Hoping you'll answer soon and that you'll be able to help us. I remain,

Truly yours,

Frank Walczak.
